CELEBRATING THE 150TH ANNIVERSARY

December 20, 2010

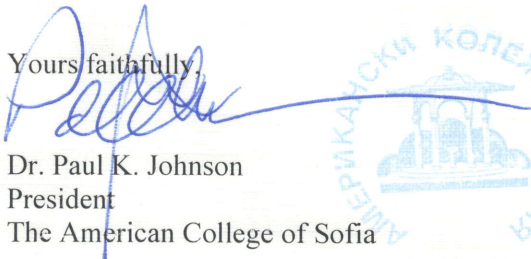

To whom it may concern

Rai Catering

I Hereby confirm that the American College of Sofia worked with Rai Catering, represented by Ms. Marina Georgieva, for the organization of the Reception for the celebration of the 150th Anniversary of the founding of the American College. The reception took place on December 7th at the Military Club. Rai Catering provided excellent catering support to the event including brilliant decoration and high-quality service by the staff.

The American College of Sofia looks forward to working again with Rai Catering on our future official events. I can confidently recommend Rai Catering as a reliable business partner.

Yours faithfully,

Dr. Paul K. Johnson
President
